Ramona Zettelmaier

Curriculum Vitae

Ramona Zettelmaier began her career as an apprentice to a ship mechanical engineer on board different vessels types and studied Marine Engineering (CI) at Flensburg University of Applied Sciences. She has sailed for nearly seven years on container vessels and chemical tankers for German shipowners.

In 2000 she joined Lloyd's Register and has held positions involving machinery plan approval, type approvals, field services and at least as Manager for Environmental and Consultancy Services for Lloyd's Register Central European Area.

Some years between Ramona Zettelmaier was responsible for lub & fuel oil technology within BP Marine Germany where she covered the technical operational aspects for the shipping fleet of German shipowners.

In April 2013 she joined Bureau Veritas S.A. as Customer Relation / Business Development Manager for Central European Area.

She has been involved with environmental aspects and with Ballast Water Management since 2000 and is currently chair of the BWM working group of NSMT (Association for German standards) and member of different environmental Working groups.
